War Veteran's Memorial

There was a good turnout of the business men at the meeting, held on Tuesday afternoon, when the aims and plans of the local G. W. V. A. re a memorial building, was discussed.

The Veterans desire to erect a two-story building which will contain club rooms, rest rooms, with dormitories upstairs.

This building, while under the control of the G. W. V. A., will nevertheless, be open to the public, and the rest room for women will fill a long felt want in this town, especially for the women coming in from the country. The business men of Monitor will donate the site, and the funds for the building will be raised by public subscription. A committee of five, Messrs Deadmarsh, Gould, McGirr, Hayes and Mayrs, was appointed to select a site, and will report at the meeting to be held next Tuesday.

Saint Louis Fur Exchange Buys Direct from Trapper

Due to certain complaints being brought to the notice of the St. Louis Fur Exchange 7th and Chestnut Streets, St. Louis, Mo., of unsatisfactory grading of furs as made by some of the advertising fur houses of that market, where in January over ten million dollars worth of furs were sold, they are now also receiving shipments of furs from the trapper direct, and are recognized and registered under license P. B. F. 30 with the U. S. War Trade Board and with all the Collectors of Customs, thus insuring free passage of furs when addressed to them with the words "Raw furs of Canadian Origin" on the tag or package. Their ad appears on this page. advt.

The Kaiser's Talk To Hell.

(Published by request of several readers.)

The Kaiser called the Devil up
On the telephone one day,
The girl at central listened to
All they had to say.

"Hello," she heard the Kaiser's voice,
"Is old man Satan home?
Just tell it is Kaiser Bill
That wants him on the phone."

The Devil said "Hello" to Bill
And Bill said, "How are you?
I'm running here a hell on earth.
So tell me what to do."

"What can I do," the Devil said,
"My dear old Kaiser Bill,
If there's a thing that I can do
To help you, I sure will."

The Kaiser said, "Now listen
And I will try to tell
The way that I am running
On earth a modern Hell.

I've saved for this for many years,
And I've started out to kill
That it will be a modern job
You leave to Kaiser Bill.

"My army went through Belgium
Shooting women and children down
We tore up all her country
And blew up all her towns.

"My Zepps dropped bombs on cities
Killing both the old and young,
And those the Zeppelins didn't get
Were taken out and hung.

"I started out for Paris,
With the aid of poisonous gas;
The Belgians, darn them, stopped us,
And would not let us pass.

"My submarines are devils—
Why you should see them fight!
They go sneaking through the sea
And sink a ship on sight.

"I was running things to suit myself
Till a year or so ago,
When a man named Woodrow Wilson
Wrote to me to go more slow.

"He says to me, "Dear William
We don't want to make you sore,
So be sure to tell your U-boats
Not to sink our ships no more.

"We have told you for the last time,
So, Dear Bill, its up to you;
And if you do not stop it
You have got to fight us too.

"I did not listen to him
And he's coming after me
With a million Yankee soldiers
From their homes across the sea.

"Now that's why I called you Satan,
For I want advice from you;
I knew that you would tell me
Just what I had ought to do."

"My Dear Old Kaiser William,
There's not much for me to tell,
For the Yanks will make it hotter
Than I can for you in hell.

"I have been a mean old devil
But not half as mean as you,
And the minute you get down here,
I will give my job to you.

I'll be ready for your coming,
And I'll keep the fires all bright
And I'll have your room all ready
When the Yanks begin to fight.

"For the boys in khaki will get you—
I have nothing more to tell
Hang up your 'phone and get your hat
And meet me here in Hell!"

Every Farmer In This District Should Read The Nor'-West Farmer

Western Canada's Oldest Farm Paper

If you are already a subscriber you will want to renew your subscription for another year, and if you are not a subscriber to it you ought to be. No farmer in these days of high prices and labor shortage can afford to do anything but his very best. Through a good farm paper you will get ideas worth many times the small subscription price. Each issue of The Nor-West Farmer is full of valuable information that any up-to-date farmer can use to his own direct advantage. It is edited for the whole farm family. If any reader wants information on any subject relating to either their farm problems or anything else The Nor-West Farmer information bureau will get that information for them. Their official veterinarian and legal adviser is at the service of every subscriber, free of all charge. If you have a weed problem, a soil drifting problem, a feed problem, tractor, automobile, or gas engine trouble of any kind, read The Nor-West Farmer, and you will soon get a wealth of ideas from the experience of other farmers who have experienced and solved similar difficulties. The Nor-West Farmer is a "round-table" around which the best farmers of Western Canada meet. Will you be one of them?

Note and Comment

A grammar school teacher having asked for a short essay employing certain words ending in "tion", a pupil handed in this astonishing production:

"Father's hair is a recollection; mother's is an acquisition; sister's is an aggregation; brother's is a conflagration; and baby's is a mere premonition." Exe.

John Barleycorn's last order will be a bier.

The publisher of a paper must live as well as the butcher, the dry goods man or the grocer. To get the wherewithal to live he has one thing to sell and another to rent. He sells his paper and he rents the space in his columns, these are his principal sources of income and can anyone inform us why he is expected to give either away? He can, of course, do so if he chooses and as a matter of fact he does furnish a good deal of his space rent free. But it does not follow that he ought to be expected to do so as a matter of course, and further, when once he does it ought to be recognized as a contribution just as the sugar or coffee given by the grocer. But it is not generally looked at in that light, yet everybody knows that the very existence of a newspaper depends upon the selling of the paper and the rent of the space as much as a merchant's success depends upon the sale of his goods. There is just as much reason for the merchant giving his goods away free as there is for the publisher.

Of course we make no charge for items of news and our columns are always open for local news. There are lots of items we miss because you do not let us know, and we are not mind readers, neither can we attend all the functions that take place in the district. If you cannot get in yourself send the items in with your neighbor.

What I allude say is that
Trouble ain't a thing, by jing,
Mortals order worry at,
Rant about ner enything;
Clouds have got to dim our 'light
An' depress us, I opines,
So's that we can see how bright
Heaven's sun is when it shines.

—Buffalo News.

It is easy for a man to love his neighbor as himself, provided she is young and pretty.

The local branch of the G. W. V. A. is tackling their memorial building scheme in such a way that only a successful ending can result from it. A building to be used as they intend using it will be a great asset, not only to the town but to the whole district. The Veterans made a wise choice when they decided to erect a club house, as another hall would have been a white elephant.

These short skirts are rather bewildering, it isn't safe any more to offer to take what you think is a little girl on your lap.

When some men begin to talk others wonder why the age limit of the kindergarten should be restricted.

The following letter has been received by the Secty of the local branch of the Red Cross.

Dear Madam,

In connection with the Relief work which the Red Cross Society is doing in Alberta, as a result of the necessities which have arisen from the Influenza Epidemic, we find that in many cases, left off wearing apparel can be used to great advantage. It has been suggested that possibly our Local Branches would like to help us in this work by collecting such articles and forwarding them, if suitable for this class of work, to the Provincial Depot. You will readily understand of course, that it would be a useless expense to forward goods without supervision, as only clothes which are in a good state of repair, and made of suitable materials, could be used. Such things as shirts, waists, stockings, coats, skirts, men's, women's and children's underclothing, men's suits, overcoats, if clean and mended, are always acceptable to families who find it difficult to provide sufficient clothing for themselves.

Let us know if you could collect a box of such articles in your district and forward them. Alberta Prov. Branch, Calgary.
